Board Members' Report (Cont'd)

Operating result

The profit from operating activities for the year was \$215,078. Bicycle Victoria is exempt from income tax because it is categorised as a not-for-profit organisation for tax purposes.

Corporate Governance Statement

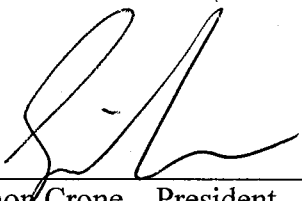

The Corporate Governance Statement set out on pages 6 to 10 of this report, was reviewed and updated in August 2007.

Insurance of Officers

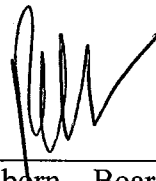

During the year, Bicycle Victoria paid a premium of \$18,315 to insure the Board Members and Officers of the organisation.

The liabilities insured are legal costs that may be incurred in defending civil or criminal proceedings that may be brought against the officers in their capacity as officers of Bicycle Victoria and any other payments arising from liabilities incurred by the officers in connection with such proceedings, other than where such liabilities arise out of conduct involving a wilful breach of duty by the officers or the improper use by the officers of their position or of information to gain advantage for themselves or someone else to cause detriment to the organisation.

Signed in accordance with a resolution of the Board Members.

Simon Crone – President

Ross Kilborn – Board member

Dated this 27 day of August 2007

Corporate Governance Statement

The 10 core principles of the ASX Corporate Governance Council's (ASXCGC) guidelines are recommendations and apply to listed companies. Although Bicycle Victoria Incorporated (Bicycle Victoria) is not a listed company and does not have any obligations to report on these principles, as a membership organisation committed to advancing good corporate governance, it is committed to report against contemporary principles which have resonance within the business community. Bicycle Victoria has, where appropriate, adopted corporate governance standards that comply with each of the ten ASXCGC Corporate Governance Principles, unless otherwise stated.

Principle 1: Lay solid foundations for management and oversight

The Bicycle Victoria Constitution states at clause 34.1 that the Board is responsible for both the governance and management of the organisation. Clause 34.2 requires the Board to delegate management of the organisation to the Chief Executive Officer and clause 54.3 requires the Board to provide for the financial management of the organisation.

The Bicycle Victoria Board has formally declared as regulations a Board Charter, Board - Chief Executive Interrelationship Policies and a Delegation of Authority. These documents specify the respective roles and responsibilities of Board and Management. They are published and made available on the Bicycle Victoria website at www.bv.com.au (search: Governance). In summary, the Board on behalf of all stakeholders of Bicycle Victoria, especially its Members, is responsible for the stewardship and future wellbeing of Bicycle Victoria, and delegates to the Chief Executive Officer responsibility for implementation of its strategic direction.

Principle 2: Structure the Board to add value

The names of the Board Members of the organisation in office and their terms of office at the date of this statement are set out on pages 2 & 3. There are no executive directors, Board Members are independent and elected for a three year term. Casual vacancies that may arise are filled by a Board appointment and the position is filled in the next election cycle. The procedures for election by Members is made available on the website and distributed to all Members. The Board has adopted a number of measures to ensure that independent judgment is achieved and maintained. Board Members sign a comprehensive declaration concerning their conduct which is available on the Bicycle Victoria website at www.bv.com.au (search: Governance). Board Members having a conflict of interest in relation to a particular item of business declare that conflict before commencement of discussion on the topic and Board Members may only remain in the room during any related discussion with Board approval. The Board may, on occasions confer at scheduled sessions without management present.

The Board is currently balanced in its composition with each current director bringing a range of complementary skills and experience to Bicycle Victoria. To assist the Board in discharging its responsibilities, it has established a number of Board committees including an Audit and Risk Committee, Constitution Committee, Remuneration Committee and an Election Committee. As a membership organisation that does not recommend candidates for election, the Board has not established a Nomination Committee. Each of these committees has mandated operating procedures that are governed by their respective terms of reference and each of these committees is chaired by a non-executive director who is not the same person as the Chair of the Board.

BICYCLE VICTORIA INCORPORATED

A B N 41 026 835 903

The Committees are comprised solely of independent non-executive directors, who are entitled to obtain legal or other independent professional advice, as appropriate to the role of the committee, and are entitled to obtain such resources and information from the Chief Executive Officer.

The President is the Board's Chair and is considered by the Board to be independent in terms of the ASXCGC's definition of independent director. The President/Chair and Chief Executive Officer have separate roles. The President/Chair is responsible for leading the Board in the discharge of its duties.

Principle 3: Promote ethical and responsible decision making

The Board is committed to the adoption of ethical conduct in all areas of its responsibilities and authority. Employees are also required to meet these high standards. The organisation takes seriously its obligations to comply with all federal, state and local government laws and regulations, as well as common law obligations. The Board Code of Ethics is detailed within the Board Charter and Board - Chief Executive Officer Interrelationship Policies is available on the Bicycle Victoria website at www.bv.com.au (search: Governance) and the Staff Code of Conduct is available on the Bicycle Victoria website at www.bv.com.au (search: Code of Conduct). The organisation is a non-listed, not-for-profit entity under the Associations Incorporation Act 1981 (Vic) and as such there is no trading in company securities.

Principle 4: Safeguard integrity in financial reporting

Bicycle Victoria's Chief Executive Officer and Business Manager report in writing to the Board, the Audit and Risk Committee and the auditors, that the financial statements of Bicycle Victoria for the full financial year present a true and fair view, in all material respects, of the company's financial condition and operational results; and are in accordance with the Australian Accounting Standards, applicable approved accounting standards and the appropriate disclosures of all information required by statute.

The Board established an Audit and Risk Committee in 2006, superseding its Executive Committee. The membership of the committee consists of three or four independent non-executive Board Members plus a Chair who is also an independent non-executive Board Member and who is not the Chair of the Board. Details of their attendance at committee meetings are set out at page 2 and 3. The principal functions of the Audit and Risk Committee are governed by their terms of reference. The terms of reference is detailed within the Board Charter and Board - Chief Executive Officer Interrelationship Policies available on the Bicycle Victoria website at www.bv.com.au (search: Governance). The objectives are to assist the Board in the discharge of its responsibilities with respect to overseeing all aspects of financial and non-financial reporting, control and audit functions and organisational risk.

Principle 5: Make timely and balanced disclosure

The organisation is not a listed company and is not subject to ASX listing rule disclosure requirements. The organisation does, however, report to its Members in the form required by the Associations Incorporation Act (Vic) 1981 and discloses significant information on a continuous basis as detailed in Principle 6 below.

Principle 6: Respect the rights of shareholders

The organisation does not have shareholders but has Members. The organisation's practice has been to communicate with members and other stakeholders in an open, regular and timely manner so that Members have sufficient information to make informed decisions on the operations and results

of the organisation. The main communication channels are via the website www.bv.com.au, through its bi-monthly magazine, *Ride On*, and fortnightly newsletter, *In the Loop*. The Annual Report & Full Financial Report is available to all Members prior to the company's Annual General Meeting via the website.

The Board encourages full participation of Members at the company's Annual General Meeting to ensure a high level of accountability and understanding of the organisation's strategy and goals. The Auditor is invited and has indicated his intention to attend the Annual General Meeting and be available to answer questions about the conduct of the audit and the preparation of the content of the auditors report

Principle 7: Recognise and manage risk

The Board is responsible for the oversight of the company's risk management and control framework. The Board receives and reviews a monthly compliance report and presentations as required from Management. Presentations made to the Board or committees of the Board throughout the year by appropriate members of the company's management team (and/or independent advisers, where necessary) are on the nature of particular risks and details of the measures which are either in place or can be adopted to manage or mitigate the risk. The Audit and Risk Committee assists the Board in fulfilling its risk management responsibilities by reviewing the financial and reporting aspects of the company's risk management and control framework. Major exposures for the organisation stem from Bicycle Victoria's business-risk profile, which covers areas including operational, reputation, regulatory, contractual, financial, information and strategic risk.

The organisation has implemented a policy framework designed to ensure that the company's risks are identified and that controls are adequate, in place and functioning effectively. This improved framework incorporates the maintenance of comprehensive policies, procedures, guidelines and monthly risk reports by Management that are based on reports produced by the managers of the organisation's main business units on at least an annual basis. Responsibility for control and risk management is delegated to the appropriate level of management within the company with the Chief Executive Officer having ultimate responsibility to the Board for the risk management and control framework.

Bicycle Victoria's Chief Executive Officer and Business Manager are in a position to report in writing to the Board and the external auditors that the statement given in accordance with the ASXCGC's best practice recommendation under Principle 4 is founded on a sound system of risk management and internal compliance and control which implements the policies adopted by the Board and the company's risk management and internal compliance and control framework is operating efficiently and effectively in all material respects.

BICYCLE VICTORIA INCORPORATED

A B N 41 026 835 903

Principle 8: Encourage enhanced performance

The Board has adopted a peer review and self-evaluation process to measure its own performance and the performance of its committees. The evaluation of the Board is facilitated by an external expert on governance matters, who is assisted by the Boards Constitution Committee. An annual review was presented to the members at the last Annual General Meeting, and made available after the Annual General Meeting on the Bicycle Victoria website at www.bv.com.au (search: AGM). The Board believes that its corporate governance practices should be indicative of best practice for an organisation of its type and, as far as possible, for corporations generally. The Board, therefore, keeps all areas of Bicycle Victoria governance under ongoing review.

Induction days designed for newly appointed directors are held for each new Board Member and external training is made available to Board Members in Board functions. Providing leadership to management is a priority of the Board and is a key strategy within Bicycle Victoria governance. The role of the Business Manager includes that of Company Secretary, accountable to the Board through the President on all governance matters. Arrangements put in place by the Board to monitor the performance of the organisation's Chief Executive Officer include a review by the Board of the company's financial performance and a detailed review of the operations of each department on a monthly basis. Detailed presentations are also made by the Chief Executive Officer and his direct reports regularly. Board Members are able to obtain answers to questions and further information to make informed decisions. The performance management review system between the Chief Executive Officer and all other staff against job description and key performance indicators have been recently overhauled and will occur on at least an annual basis.

Principle 9: Remunerate fairly and responsibly

Executives are paid market rates benchmarked against similar organisations. A performance-based salary component amounting to no more than 10% of the Chief Executive Officer's base salary is able to be paid to the Chief Executive Officer at the Board's discretion utilising formal criteria. A program of regular performance appraisals and objective setting for the Chief Executive Officer has been implemented. The Board's Remuneration Committee objective is to assist the Board in discharging its responsibilities by gathering information and providing options and recommendations for the Board to aid in its consideration and decisions of the Chief Executive Officer's remuneration. The Remuneration Committee comprises at least two independent Board Members and is chaired by an independent Board Member. Details of their attendance at committee meetings are set out at page 2 and 3. The terms of reference of the Remuneration Committee are available on the website at www.bv.com.au (search: Remuneration). Policies concerning the remuneration of staff other than the Chief Executive Officer are the responsibility of the Chief Executive Officer.

Board Members do not receive remuneration nor is there a retirement scheme. No Board Members, during or since the end of the financial year, received, or has become entitled to receive, a benefit by reason of a contract made by Bicycle Victoria or of a related body corporate with one of the Board Members or with a firm of which they are a member or with a company in which they have a substantial financial interest. Each of the Board Members is a Member of Bicycle Victoria. Bicycle Victoria pays insurance premiums to insure the directors against liabilities for costs and expenses

incurred by them in defending any legal proceedings arising out of their conduct while acting in the capacity of Board Member's, other than conduct involving a wilful breach of duty.

BICYCLE VICTORIA INCORPORATED

A B N 41 026 835 903

The Bicycle Victoria constitution provides an indemnity for Board Members, unless the liability did not arise out of a conduct in good faith.

Principle 10: Recognise the legitimate interests of Stakeholders

Bicycle Victoria aims to be highly successful, efficient and effective in pursuit of its purpose and mission which is *More People Cycling More Often*. To ensure this occurs, the organisation conducts its business within the Code of Business Conduct and Ethics, documented and outlined in Principle 3 of this statement and the organisations staff operating philosophy, which is:

- improving the cycling experience will be a guiding principle of all our activities
- we will be strong, determined and courageous in representing and working in the interest of cycling
- we aim to build mutually beneficial relationships that will benefit the world of cycling
- peoples' well being will be a guiding principle of all of our activities
- we treat every person respectfully, consistently and fairly
- we value a harmonious caring workplace and supporting each other
- we believe that everyone needs to do their job well to make sure we can all be our best
- everyone is given the opportunity to participate and is involved in decision making within their area of responsibility.

BICYCLE VICTORIA INCORPORATED

A B N 41 026 835 903

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2007

1. SUMMARY OF SIGNIFICANT POLICIES

This financial report is a general purpose financial report which has been prepared in accordance with Accounting Standards, Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the requirements of the Victorian Associations Incorporation Act (Vic) 1981.

The financial report covers Bicycle Victoria as an individual entity. Bicycle Victoria is an association incorporated in Victoria under the Association Incorporated Act 1981.

The following is a summary of the material accounting policies adopted by Bicycle Victoria in the preparation of the financial statements. The accounting policies have been consistently applied unless otherwise stated.

Reporting Basis and Conventions

The financial report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected non-current assets, and financial assets and financial liabilities for which the fair value basis of accounting has been applied.

Accounting Policies

(a) Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the balance sheet.

(b) Inventories of parking materials and books for resale

Inventories are measured at the lower of cost and net realisable value. Costs are determined on a first in first out basis, and cost comprises the cost of direct materials at acquisition.

(c) Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

Plant and equipment

Plant and equipment are measured on the cost basis less depreciation and impairment losses.

The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets' employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts.

BICYCLE VICTORIA INCORPORATED

A B N 41 026 835 903

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2007

1. SUMMARY OF SIGNIFICANT POLICIES (CONT'D)

Plant and equipment (cont'd)

The cost of fixed assets constructed within the entity includes the cost of materials, direct labour, borrowing costs and an appropriate proportion of fixed and variable overheads.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the association and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the income statement during the financial period in which they are incurred.

Depreciation

The depreciable amount of all fixed assets, including building and capitalised lease assets, is depreciated on a straight-line basis over their useful lives from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The expected useful lives are;

Leasehold fit-out costs	5 years or to end of lease
Office equipment	3 to 5 years
Rides equipment	5 to 10 years
Database	2 to 3 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount.

These gains or losses are included in the income statement. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

(d) Financial Instruments

Recognition

Financial instruments are initially measured at cost on trade date, which includes transaction costs, when the related contractual rights or obligations exist. Subsequent to initial recognition these instruments are measured as set out below.

Financial assets at fair value through profit and loss

A financial asset is classified in this category if acquired principally for the purpose of selling in the short-term or if so designated by management. Derivatives are also categorised as held for trading unless they are designated as hedges. Realised and unrealised gains and losses arising from changes in the fair value of these assets are included in the income statement in the period in which they arise.

Available-for-sale financial assets

Available-for-sale financial assets include any financial assets not included in the above categories. Available-for-sale financial assets are reflected at fair value. Unrealised gains and losses arising from changes in fair value are taken directly to equity.

BICYCLE VICTORIA INCORPORATED

A B N 41 026 835 903

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2007

1. SUMMARY OF SIGNIFICANT POLICIES (CONT'D)

Financial liabilities

Non-derivative financial liabilities are recognised at amortised cost, comprising original debt less principal payments and amortisation.

Impairment

At each reporting date, the group assess whether there is objective evidence that a financial instrument has been impaired. In the case of available-for-sale financial instruments, a prolonged decline in the value of the instrument is considered to determine whether an impairment has arisen. Impairment losses are recognised in the income statement.

(e) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership, are transferred to the association are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amount equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight-line basis over their estimated useful lives where it is likely that the association will obtain ownership of the asset or ownership over the term of the lease.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Lease incentives under operating leases are recognised as a liability and amortised on a straight-line basis over the life of the lease term.

(f) Employee benefits

Provision is made for the Association's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

(h) Revenue

Future rides to be conducted

Income and expenses related to rides to be conducted in the future are taken up and brought to account as income and expenditure in the financial year the ride is completed.

Membership fees

Membership fees are accounted for as received with future servicing costs accrued.

Interest revenue

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

All revenues are stated net of Goods and Services Tax (GST).

BICYCLE VICTORIA INCORPORATED

A B N 41 026 835 903

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2007

1 SUMMARY OF SIGNIFICANT POLICIES (CONT'D)

(i) Income tax

The organisation is exempt from income tax under section 50 of the Income Tax Assessment Act.

(j) Impairment of Assets

At each reporting date, the association reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value-in-use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the income statement.

Where it is not possible to estimate the recoverable amount of an individual asset, the association estimates the recoverable amount of the cash-generating unit to which the asset belongs.

(k) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(l) Comparative Figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

Critical Accounting Estimates and Judgments

The Board members evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the association.

Key Estimates — Impairment

Bicycle Victoria assesses impairment at each reporting date by evaluating conditions specific to the group that may lead to impairment of assets. Where an impairment trigger exists, the recoverable amount of the asset is determined. Value-in-use calculations performed in assessing recoverable amounts incorporate a number of key estimates.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2007**

	2007	2006
	\$	\$
2. PROFIT		
Profit/(Loss) from operations is arrived at after crediting / charging the following specific items:		
After crediting		
Net gain on sale of rides equipment	-	400
After charging		
Auditing & reviewing the financial reports	9,425	11,500
Rental expense on operating leases	148,965	140,053

3. CURRENT ASSETS – CASH AND CASH EQUIVALENTS

a) Reconciliation of cash

Cash at the end of the financial year as shown in the statement of cash flows is reconciled to the balance sheet as follows:

Cash at bank & on hand	178,328	525,012
Deposits at call	1,631,183	913,849
Deposits - bond money	50,312	40,000
Balances per statement of cash flows		
Cash and Cash Equivalent	<u>1,859,823</u>	<u>1,478,861</u>

b) Deposits at call are bearing floating interest rates between 5.75% to 5.95% (2006 - 4.65% to 5.5%) Deposits – bond money guarantees performance for payment of rent and credit cards and bears interest at interest rates between 6.1% to 6.2% (2006 - 3.25% to 4.9%).

c) Bicycle Victoria has an overdraft facility of \$500,000 with HSBC Bank Australia Ltd, secured against \$1,250,000 of the value of the investment portfolio. The facility was undrawn at balance date and will be used, if needed, for short term cash management. This structured approach to cash management will allow the investment portfolio to maximise its potential without unnecessary trading activity disturbance.

Provision for Long-term Employee Benefits

A provision has been recognised for employee entitlements relating to long service leave. In calculating the present value of future cash flows in respect of long service leave, the probability of long service leave being taken is based on historical data. The measurement and recognition criteria relating to employee benefits has been included in Note 1(g) to this report.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2007****18. FINANCIAL INSTRUMENTS****(a) Financial Risk Management**

The association's financial instruments consist mainly of deposits with banks, local money market instruments, short-term investments, accounts receivable and payable. Bicycle Victoria does not have any derivative instruments at 30 June 2007.

Treasury Risk Management

An audit and risk committee consisting of Board members together with senior staff meet on a regular basis to evaluate treasury management strategies in the context of the most recent economic conditions and forecasts.

(b) Interest rate risk

Bicycle Victoria's exposure to interest rate risk and the effective weighted average interest rate for each class of financial assets and financial liabilities is set out below.

(c) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are stated at amortised cost using the effective interest rate method.

(c) Credit risk

Credit risk is defined as the maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognised financial assets is the carrying amount, net of any provisions for doubtful debts, as disclosed in the Balance Sheet and notes to the financial statements. Bicycle Victoria does not have any material credit risk exposure to any single debtor or group of debtors under financial instruments entered into by the entity.

(d) Foreign currency risk

The association is not exposed to fluctuations in foreign currencies.

(e) Liquidity risk

The association manages liquidity risk by monitoring forecast cash flows and ensuring that adequate unutilised borrowing facilities are maintained.

(f) Net fair values

The net fair values of listed investments have been valued at the quoted market bid price at balance date adjusted for transaction costs expected to be incurred. No financial assets and financial liabilities, other than the investment portfolio set out in Note 8 to these statements, are readily traded on organised markets in standardised form. Financial assets where the carrying amount exceeds net fair values have not been written down as Bicycle Victoria intends to hold these assets to maturity. The aggregate net fair values and carrying amounts of financial assets and financial liabilities are disclosed in the Balance Sheet and the notes to the financial statements.

Aggregate net fair value and carrying amounts of financial assets and financial liabilities at balance date.

19. CONTINGENT LIABILITIES

Bicycle Victoria is self insuring for an excess in the event that claims are received on the Liability policy for an injury sustained in the year ended 30 June 2007. Claims are expected to be made up to three years after the accident. The excess for the 2007 year is up to \$30,000 (2006 : \$30,000 and 2005 : \$50,000). An amount of \$3,542 has been paid against the 2006 excess and expensed in the 2005/06 year, an amount of \$8,615 has been paid against the 2007 excess and expensed in 2006/07 year, therefore the reserve of \$97,843 (2006 : \$176,458) as disclosed in Note 13 has been formed.

20. SEGMENT REPORTING

Bicycle Victoria operates predominantly in one business and geographical segment, being the leisure sector providing social facilities to members of the association throughout Australia.

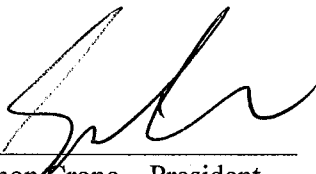

BICYCLE VICTORIA INCORPORATED
A B N 41 026 835 903

Declaration by Board Members

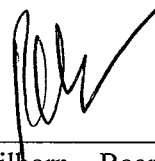

Board Members declare that the financial statements set out on pages 11 - 29:

1. Presents a true and fair view of the financial position of Bicycle Victoria as at 30 June 2007 and its performance for the year ended on that date in accordance with Australian Accounting Standards, mandatory professional reporting requirements and other authoritative pronouncements of the Australian Accounting Standards Board.
2. At the date of this statement, there are reasonable grounds to believe that Bicycle Victoria will be able to pay its debts as and when they fall due.

This declaration is made in accordance with a resolution of the Board and is signed for and on behalf of the Board by:

Simon Crone – President

Ross Kilborn – Board member

Dated this 27 day of August 2007
