

# Box Hill to Ringwood Path

Overall is 10 km in length.

**Green** = existing. May need upgrade

**Red** = Buildable now. Approximately 4.5km can be built relatively easily.

**Yellow** = Major Projects along Corridor represent opportunities to get these sections built as part of Major Road/Rail Projects as per the State Government's mainstreaming commitment.

These sections will unlock another approximate 3 km

**Orange** = Most challenging sections.

1. Laburnum to Blackburn Stations
2. New St Rail underpass and path along north of rail reserve to connect into Ringwood
3. Springvale Rd to Rooks Rd

**Pink** = Can be left as short term gap whilst nearby Major Projects are resolved
