

# 'Freestyler' bicycle parking rail

## Bike Parking Experts Freestyler Floor Stand

Manufactured in Australia from welded steel tubing with a durable powder-coat finish. Ideal for use in the home or garage - carport and shed, available in 2 - 3 - 4 and 5 bike spaces. Can be used free standing or fixed to a concrete surface with dynabolts or pegged to asphalt. Wheels can be secured with a "U" lock, bike frame secured with a cable or chain. Ideal for areas where security is not of high priority.
