

2008 Great Escapade™

extra Good Oil

Saturday April 5 2008

An inventive welcome from the schoolkids at Cassilis who couldn't make the actual arrival of the riders in person!

Craig and Barbera Walker come from LA, California. Their unusual tandem has a recumbant type front seat, and a conventional rear seat post. Steering is done from the rear seat. "It is a little scary for the front seat at first," said Craig. "But if I'm going too fast, Barbera can just raise her hand." The bike breaks down at two S&S titanium couplings to pack into two standard suitcases. Craig came specifically for the ride from LA, where he is chaplain to the fire department. Pictured on the front seat is Liam, aged 11 from Capertee.
