

National Ride2School Day

8. Some Inspiration from previous National Ride2School Day's

Montmorency South Primary School, Victoria

Thanks to you and all the Ride2School team for your enthusiastic assistance with our Ride2School Day.

We had the most bikes and scooters I've seen at the school and the kids loved it!

We gave out the stickers and certificates and got about 50 bikes engraved by the Police. We awarded a few small prizes (from the local bike shop) and gave out free fruit.

Lorien Firminger, Parent Representative, Montmorency South Primary

Cambridge Primary, Hoppers Crossing VIC

We love it!! It's great to see families riding to school together. And every year we get more and more riders on the day.

Yarraville West Primary School, VIC

It is a great way to encourage ongoing riding walking or scooting to school. Once you do it you can't go back!

Canterbury Public School, NSW

I love the initiative and think it is very valuable and necessary and I'm very happy to continue organising and promoting it. THANK YOU!!!

Shortland Public School, NSW

Our school thinks that it is wonderful and we will support it each year and continue to encourage our students to ride, both for the physical activity and so that they will learn road safety.

St Anne's Primary School, Donvale VIC

A great initiative to encourage people to ditch the car and ride/walk/scoot/skate to school. Our aim is to follow up every now and then with the Hands Up! surveys to see how many people have changed their travel patterns.

St Oliver Plunkett Primary School, Pascoe Vale VIC

It was a fabulous day for the children and families and it has started a real trend with more children riding to school

South Coogee Public School, NSW

The day can be used to promote healthy lifestyles - exercise and good food. I think when we exercise we naturally feel like eating healthier foods and on Ride2School day our kids were all munching on apples donated by local fruiter.

Call me old fashioned, but these days, children are far too pampered - it's not healthy and not fun....

Ride2School day shows parents and children that children can be more independent.
