

North East Link works

Detour: Bulleen Road pedestrian and cycling

As part of North East Link sewer works, a temporary footpath and bike lane closure is in place on Bulleen Road from Golden Way to Trinity Marles Playing Fields from **Monday 17 May 2021** for up to six months.

A detour is in place for pedestrians and cyclists diverting users along Golden Way, Rocklea Road, Barak Street and Thompsons Road.

We appreciate your patience and understanding throughout these early works before major construction of North East Link in late 2021.
