

Introduction to RideWithGPS Rides Club – Bicycle Network members

Tasmanian Bicycle Network members are invited to join our **Rides Club**: <https://ridewithgps.com/organizations/2014-bicycle-network-tasmania>, which is our gateway to social rides in Tasmania and great maps of Tassie riding routes.

As a member of the Rides Club you can more easily RSVP to our social rides and get assisted navigation on our published routes.

Our **Ambassador Routes**: <https://ridewithgps.com/ambassadors/414-bicycle-network-tasmania> are a set of carefully curated routes offering you self-guided cycling tours around some of the best spots in Tassie.

Our Rides Club is powered by the [RideWithGPS](#) app.

It's best to set up a personal RideWithGPS account first – just the free version will do to get you started.

Then to sign up to the Bicycle Network Tasmania Rides Club, please send our Social Rides Coordinator an email to verify your financial membership of Bicycle Network – ridestas@bicyclenetwork.com.au.

Alternatively, visit our [club account webpage and click the “Apply to Join”](#) button.

If you are not yet a member of Bicycle Network and would like access to the club, please see our range of [membership options](#).

Once you've been admitted to the Rides Club, there are two ways of accessing its resources.

A. Via your mobile, using the RideWithGPS app

(please note – phones and operating systems vary a bit, so what you see on your phone may be different to what is described below)

- Open the app and sign in.
- The Bicycle Network Tasmania icon may be showing, if so, click on it.
- If not, look for the More menu, click on that, then
 - click on the Organizations (or Clubs) menu (if you don't see it, you may not be a member of our Rides Club yet), then
 - click on the Bicycle Network option (once again, if you don't see it, you may not be a member of our Rides Club yet).
- Click on Events to see rides that are coming up, here you can browse and RSVP.

- When you RSVP to our events, they will then show up in the My Events menu in your RideWithGPS app.
- Click on Organization Routes to see published routes available for members to use – you can sort the order in which they are presented, or search by name.

B. Via your desktop

- Open the RideWithGPS.com website and sign into your account.
- Look for the Bicycle Network icon, which should be on the bottom left of your screen. Click on that (If you don't see it, you may not be a member of our Rides Club yet).
- Click on the orange Sign Into Club button (on the right of your screen), and use your personal RideWithGPS sign-in details.
- When you can see the yellow bar along the top, you'll know you're inside the Club account.
- You'll see the events that are coming up, which you can browse and RSVP.
- You'll see our published routes in our Route Library:
 - you can sort the order in which they are presented or filter them by Tag or Name or Location.
 - you can find our Ambassador Routes by using the Ambassador keyword.
 - you can also easily access our Ambassador Routes through a link on the Club homepage.
