

Waratah–Wynyard Council Candidate Statements

Maureen Bradley

I am very committed to having safer roads for cyclists.

As I very rarely go out on my bike anymore, all our family and their families, are health conscious, and go riding. I am worried sick about them being on the roads. I can't wait until there is a special safe road for cyclists.

In France where our son lives with his family, they have special lanes for cyclists and pedestrians.

I am very committed, right to the end.
