Angela Newhouse, Candidate for Point Cook

Liberal Party

RESPONSE:

"I am the Liberal candidate for Point Cook District and we have committed to build a \$3.4 million shared use bridge (for cyclists and pedestrians) across Laverton Creek, connecting the communities of Altona Meadows and Altona.

This has been a huge local issue since 2019 when the Queen Street road bridge was upgraded for cars, and cyclists and pedestrians were ignored, forgotten and disregarded.

This was one of the many reasons I joined the Liberal Party in September 2021 to stand in the election and get a commitment on this. The Liberals are so keen on the importance of this project that Leader Matt Guy came out to make the announcement.

I can give you plenty more details and some artist impressions of the new bridge if you would like. Details are also on my @AngelaNewhousePointCook Facebook page.

Cycling also kept me sane during the lockdowns with its 5km bubbles for my rides to Altona Beach."
