

27 October 2022

Jacqui Hawkins, Candidate for Benambra

Independent

**RESPONSE:**

*“Jacqui Hawkins is a community independent running in Benambra - a rural electorate with some significantly remote areas - what needs to be noted that a significant portion of the thriving tourism dollars that enter the region are connected to riding bikes. Jacqui is a keen bike rider for leisure and a number of volunteers in her campaign team are also recreational and personal transport riders.*

*Although Jacqui does not have a specific policy statement on bike infrastructure her transport policy is highly geared to improving public transport and renewable infrastructure across the electorate.”*
