

13 November 2022

Luke Brady, Candidate for Benambra

Victorian Greens

**RESPONSE:**

**What is your view regarding the current active transport infrastructure in your electorate?**

It needs to be improved and The Greens will do exactly that. The investment in our beautiful rail trails needs to be matched with a significant uplift in on-road and in-town active transport investment.

**What actions will you take to improve active transport in your electorate?**

The Victorian Greens have committed \$2.5 billion dollars over the next four years to implement a 'Big Bike Build' with hundreds of kilometres of safe and separated bike lanes. I will work to ensure Benambra gets its fair share of investment, whether as part of The Greens proposal (if elected or in balance of power), or to push the next Government as part of its policies and commitments.

**Active transport spending at the state level is less than 2 per cent. In your view, what is a 'fair spend' for active transport?**

At least 10% but preferably towards 20%.
